

COVER LETTER

Respected Sir/Madam,

I, Mr. Pavan M Srivatsa, write this letter, seeking an opportunity to provide my service to your deemed organization.

After my first M.S in counselling and psychotherapy from Manasa Institute of Mental Health, Shimogga, affiliated to Bharatiya Vidhya Bhavan, I completed my internship in the following places.

- a. Manasa Hospital, Shimogga.
- b. Manasadhara Rehabilitation Centre, Shimogga.
- c. Prabuddha Manasa Old age home, Shimogga.
- d. Basaveshwara PU college, Rajajinagar, Bangalore.
- e. Vidya Vardhaka PU college, Rajajinagar, Bangalore.
- f. Shree Maruthi Hospital, Sheshadripuram, Bangalore.

After my internship at Manasa Nursing Home, Shimogga, I had a plan to work for the same hospital and my resume was ready. But after the demise of Dr. Katil Ashok Pai, I migrated to Bangalore to study further in the field of Counselling Psychology. During my second year of my second master's degree in Counselling Psychology, I worked as a student and adolescent counsellor at Vidya Vardhaka Sangha P.U college, Basaveshwara P.U College and Shree Maruthi Hospital as a psychotherapist. I have completed a decertation/ research on Bhagavad Gita and its relationship with Psychological Health.

I go on call to Shree Maruthi Hospital, Sheshadripuram, Bangalore – to visit patients to provide counselling and psychotherapy.

During the pandemic, I also provided free counselling and therapy to covid positive patients and their family members (from April 2020 to July 2021). Presently, I have been providing free counselling and psychotherapy to frontline workers who worked in the hospitals during the pandemic (Doctors, nurses, etc)

Handling patients and handling clients are two different experiences – one being more challenging than the other. Studying the cases, providing counselling and psychotherapy on one side. Tailoring stories, observing, understanding and analyzing the causes of the problems or situations as stories being objective gave me a lot of insights.

My hobbies and interests also add an experience to my profession.

- Critiquing stories, books, short films and movies.
- Meeting business owners to talk about their organization and people in their organization.
- Attending Yoga Classes.
- Taking personal therapy.
- Helping people in film industry with the stories.
- Practicing Spirituality and the process of self-actualization.

To this letter, I have attached my Resume. Looking forward to provide my service to your organization with a greed to gain more experience.

I, Pavan M Srivatsa, hope this mail finds you and finds you well.

Your obediently,

Pavan M Srivatsa
